C.H.I. Overhead Doors Offer Durable and Long-lasting Option

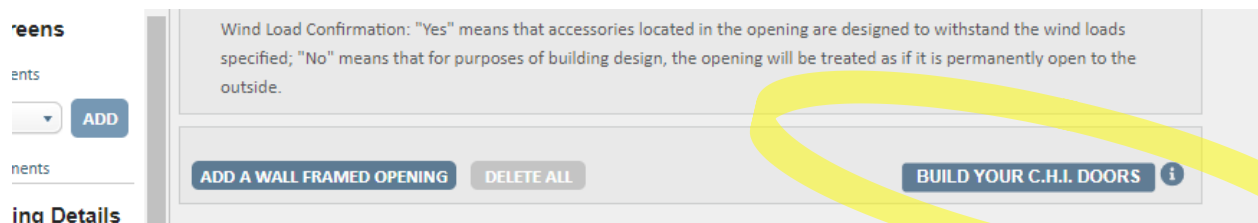

C.H.I. Overhead Doors has a wide variety of doors perfect for any job — whether it's for a shop, farm, or factory. Our doors are made to keep up with the busy demands of your customer's day-to-day operations.

Choose from an extensive offering of commercial sectional, rolling steel and rubber doors. You can check out [more information](#) on our website, as well as look at options within eQuote.

Choose C.H.I. in eQuote

While in eQuote, in the Wall Framed Openings screen, you will see a “Build Your C.H.I. Doors” button on the top right-hand side.

Within the next screen, you'll be able to enter information for your proposed C.H.I. overhead door — including size, products, design, thermal requirements/construction, color, and windows.

Size	
Products	
Design	
Thermal Requirements / Construction	
Color	
Windows	

Once you've made those selections, you can request a quote or download/print your summary.
